**Special Summary Revision of Electoral Roll, 2013 – Bringing
Electoral Roll E.P. ratio at par with Census figures.**

Sir/ Madam,

As per the information updated in format F-2 by the Electoral Registration Officers as on 31.05.2013, it is seen that, the Elector Population ratio of certain Assembly Constituencies of your district is still above 65% after taking into account the number of inclusions proposed in Form-6 and the number of deletions proposed to be made. The statement indicating E.P ratio before the commencement of the ongoing Special Summary Revision Electoral Roll, 2013 and the tentative E.P. ratio as on date in respect of those Assembly Constituencies are enclosed in Annexure-I.

2. You are requested to personally monitor & ensure that all Form-7 are handed over to the computer firms for data entry, suo moto deletions are affected in the ERMS software and all dead, shifted & repeated electors are deleted from the electoral roll following due procedure, so that the E.P ratio is brought down to the level of Census projections of the district, during this ongoing Special Revision Programme.

Yours faithfully,

Chief Electoral Officer & Ex-officio
Commissioner-cum- Secretary to Government
